

You have the power to change things.

What would you change?

Go wild! colour in, draw pictures or write about what you would change.

Some children have told us about the things that they would change like:

- **The power to make a play park that is safe to play in with no dogs allowed or broken glass.**
- **The power to make sure that everyone has enough food to eat.**
- **The power to clean up the oceans and stop the earth heating up**
